

Material Safety Data Sheet

Manufacturer: PZ CORMAY S.A.
ul. Wiosenna 22
05-092 ŁOMIANKI
POLAND

phone/fax. (0-22) 751 79 10, 751 79 14

Date of card issue: 25.06.2007

1. Identification of the preparation.

THROMBOPLASTIN LIQUID-10 (nr kat. K-228)
THROMBOPLASTIN LIQUID-10 (nr kat. K-229)

THROMBOPLASTIN LIQUID-10 are designed for Health Service laboratories for the determination of prothrombin time (PT).

2. Hazards Identification.

The preparation is not regarded as dangerous.

3. Composition / information on components.

Dangerous components:

Contains no hazardous substances in reportable quantities.

4. First-Aid Measures.

After exposure by respiratory passages: fresh air.
After skin contamination: wash off with large amount of water.
Take off the contaminated clothing. In the event redness or itching seek medical advice.
After contamination of eyes: rinse with large amount of water. Seek medical advice if irritation persists.
After consumption: give the sufferer a large amount of water to drink.
Evoke vomiting. Administer activated charcoal.
If the sufferer feels unwell, consult a doctor.

5. Fire Fighting Measures:

Suitable extinguishing media:
Suitable for materials stored in immediate vicinity.
The preparation is not a flammable substance.

6. Accidental Release Measures:

Preventive measures related to the staff:

Avoid contamination with the preparation.

Cleaning /absorption procedures :

Collect small quantities with the use of an absorbing agent, rinse with large amount of water if necessary.

7. Handling and Storage:

Procedures:

In accordance with the norms generally accepted for chemicals in laboratories.

Storage:

Hermetically closed. In temperature from +2°C to +8°C. Protect from freezing, overheating and direct light.

8. Exposure Controls/ Personal Protection:

Appropriate control parameter:

No data available

Personal control equipment:

Respiratory passages: not required

Eyes: required (protective glasses).

Hands: required (protective gloves).

Skin Protection: require (wear impervious clothing such as apron or whole body suit)

Industrial hygiene:

Change contaminated clothing. Wash your hands after work with the substance.

9. Physical and Chemical Properties.

Form:	liquid
Colour:	turbid, iridescent, slightly white
Odour:	odorless
Vapour pressure:	no data available
Boiling temperature:	no data available
Melting temperature:	no data available
Ignition temperature:	no data available
Flammability:	no data available
Density:	no data available
pH:	no data available

10. Stability and Reactivity:

Conditions that should be avoided:

Excessive heat may damage the material. Avoid prolonged exposure to direct sunlight.

Substances that should be avoided:

Strong oxidizing agents, strong acid and bases.

Dangerous decomposition products:

None

Further information:

A stabilized product.

11. Toxicological Information:

Acute toxicity:

Quantitative data on the toxicity of this product are not available.

Further toxicological information:

May be harmful by inhalation, ingestion or skin absorption.

May cause skin, eye or respiratory irritation.

Further data:

The product should be handled with the care usual when dealing with chemicals.

12. Ecological Information:

Ecotoxic activity:

Quantitative data on the ecological effect of this product are not available

Further ecological data:

Ecological problems should not be expected if you use and apply the product appropriately.

13. Disposal Considerations:

Product:

Chemical residues, in general, are included into special waste. Disposing of the latter is regulated by appropriate laws and ordinances. We recommend contacting the appropriate authorities, or waste disposal enterprises that will advise you on how to dispose of special waste.

Packing:

Remove in accordance with official regulations. Treat contaminated packages in the same way as the substance itself. If the regulations do not provide otherwise, non-contaminated packages can be treated like household waste or forward them to be utilized.

14. Transportation Information:

The product is not subject to transport regulations.

15. Regulatory Information:

Marking:

Not applicable.

Material Safety Data Sheet was prepared in accordance with:

The EC Directive Nr UE2001/58/WE, the EC Directive Nr 1999/45/EG, the EC Directive 67/548 EEC, EC Directive 88/379/EEC or the EC Directive 91/155/EEC (Dangerous Product Regulations incl. EC Guidelines). See Polish regulations.

16. Other Information.

These products are intended for in vitro diagnostic use only. Not for use in human. The foregoing information is based on the present state of our knowledge. It characterizes the product with respect to the appropriate safety measures. They do not guarantee the properties of the product.

We do not take responsibility for damage and losses that may result from inappropriate use of the preparation.

The foregoing safety chart prepared in electronic version is legally valid without sign manual.
